

Matshimo Holdings  
ANIMAL FEED MANUFACTURING

COMPANY PROFILE

## Welcome to Matshimo Holdings

### Nourishing Livestock, Naturally

Matshimo Holdings is a pioneering, female-owned business specializing in the production of high-quality, organic livestock feed. Located in the Northern Cape Province, the company focuses on providing sustainable, nutritious feed solutions tailored to cattle, sheep, and goats. Our mission is to transform livestock nutrition with innovative, environmentally conscious products, promoting healthier livestock and sustainable farming practices.

# Our Commitment to Sustainable and Ethical Livestock Feed

At Matshimo Holdings, we are dedicated to transforming the landscape of livestock nutrition through our unwavering commitment to quality and sustainability. Our vision and mission drive every aspect of our operations, guiding us as we strive to make a significant impact in the agricultural sector.

## Our Vision

Our vision is to become a leading provider of innovative and sustainable livestock feed, recognized for our commitment to excellence, quality, and social impact.

## Our Mission

Our mission is to revolutionize livestock nutrition by providing high-quality, organic feed solutions that enhance animal health, support environmental sustainability, and empower local farming communities.

All feeds are made from sustainably sourced organic materials, ensuring livestock health while supporting environmental conservation.

Each pellet is fortified with a balanced mix of essential vitamins, minerals, and probiotics that improve digestion, boost immunity and lead to faster growth and higher yields

## Our Commitment to Quality

At Matshimo Holdings, we understand that the foundation of any successful farming operation is the nutrition provided to livestock. That's why our dedicated team focuses on developing organic feed products that are both nutritious and environmentally friendly. We take pride in our commitment to quality, with our products SABS certified, ensuring they meet the highest industry standards. This guarantees that our feed supports healthy livestock growth while adhering to strict safety and sustainability guidelines.

# Our Products and Services

At Matshimo Holdings, we are committed to delivering high-quality, organic livestock feed that supports both animal health and environmental sustainability. Our products are specially designed to meet the nutritional needs of cattle, sheep, and goats, ensuring they thrive while contributing to sustainable farming practices. With a focus on innovation and quality, all of our feed is SABS certified, guaranteeing the highest standards in the industry.

## Cattle Feed

Our cattle feed is designed to promote optimal growth, enhance milk production, and improve overall health. Formulated with a balanced mix of nutrients, it supports the specific dietary needs of cattle at all growth stages.

## Goat Feed

Our goat feed is specially formulated to meet the unique nutritional needs of goats, ensuring healthy growth and reproduction. This feed is rich in essential nutrients and energy, promoting overall well-being and productivity.

## Sheep Feed

Our sheep feed is crafted to support optimal health, wool production, and weight gain. Formulated with the right balance of nutrients, it helps maintain healthy sheep at all life stages, from weaning to breeding.

100% Organic Ingredients

Contains Natural Growth Promoters

Fortified with Essential Vitamins and Minerals

25kg

# Why Choose Our Feed?

At Matshimo Holdings, we are dedicated to providing exceptional organic livestock feed solutions that prioritize the health of your animals and the environment. Here's why you should choose us as your trusted partner:

## Quality Assurance

Our products are SABS certified, ensuring they meet rigorous safety and quality standards. We are committed to delivering feed that supports the health and productivity of your livestock.

## 100% Organic Ingredients

We use only 100% organic ingredients sourced from sustainable farms. This not only ensures the well-being of your animals but also promotes environmentally friendly practices in agriculture.

## Tailored Nutrition Solutions

Our team offers personalized nutrition consultations to help you choose the right feed for your specific livestock needs. We work closely with you to develop feeding plans that optimize health and productivity.

## Positive Impact on Communities

By empowering local farming communities through our high-quality products, we contribute to building resilient agricultural systems that benefit both farmers and the environment.

## Expertise and Support

With a team of experienced professionals, we are here to provide ongoing support and expertise in livestock nutrition. We are committed to helping you achieve the best outcomes for your farming operations.

Choose Matshimo Holdings for your livestock feed needs and experience the difference that quality, sustainability, and personalized support can make in your farming operations.

# Meet Our Director

Mrs. Matshidiso Mooketsi is the founder and director of Matshimo Holdings, bringing extensive agricultural and business management expertise to the company. She has completed various technical and management courses with esteemed organizations, including the Small Enterprise Development Agency, Anglo American, National Lucerne Trust, GIBS University of Pretoria, and the National Empowerment Fund.

Her journey began with a vision to create innovative feed solutions that enhance animal health while promoting environmental sustainability. Under Matshidiso's leadership, Matshimo Holdings is not just a business; it's a movement towards better livestock nutrition and sustainable farming. Her vision is to create a lasting impact on the agricultural landscape of South Africa and beyond, one farmer at a time.
